

The Fourth Annual
McKnight's
EXCELLENCE in
TECHNOLOGY
AWARDS

Sponsored by  **The
WorxHub**
by Dude Solutions

Entry kit

Entry Kit
Entry deadline is Friday, July 31, 2015

Introduction

It wasn't long ago that we would hear that eldercare is high touch, but not high tech. Clearly, times have changed. Increasingly, long-term care has become both.

As never before, operators are harnessing technology in new and innovative ways that improve care delivery to our nation's oldest and frailest members. To celebrate the exceptional feats being accomplished, *McKnight's* and TheWorxHub by Dude Solutions have partnered to present the fourth annual *McKnight's* Excellence In Technology Awards program.

We invite you to submit your best work for this prestigious competition. An independent panel will ensure that your submissions are judged fairly and independently, and with the authority and respect they deserve. But the only way to get your hands on an award is to impress the judges with the quality of your organization's work.

Good luck! We look forward to celebrating the ways you and your colleagues are using technology to bring excellence to this field.

Sincerely,

John O'Connor
Editorial Director

LONG-TERM CARE NEWS

Entry Kit
Entry deadline is Friday, July 31, 2015

Entry rules and information

Who can enter?

Any skilled care, CCRC or assisted living community operator using technology to make life better for residents may apply.

What categories are available?

Five awards have been established.

- **Quality Through Technology Award**
Recognizes a facility/community that harnessed technology to improve the level of care its residents receive.
- **Dignity Through Technology Award**
Recognizes a facility/community that harnessed technology to improve the level of dignity its residents enjoy.
- **High Tech/High Touch Award**
Recognizes how technology was used to improve staff-resident interaction.
- **Innovator of the Year Award**
This award will recognize a notably innovative use of technology to improve both care and the bottom line.
- **Transitions Award**
This award will recognize an organization that harnessed technology to improve and/or reduce transitions between long-term care facilities and other care settings.

Gold, Silver and Bronze winners will be recognized in each category.

Entry form

Enter online. The entry form will vary for each category. Please refer to each category for specific information required. The general information required is below:

- Category entered
- Title of entry
- Operator submitting the entry

Multiple entries

A single entry can be entered into multiple categories, provided it meets the specific criteria stated within each category. However, you must submit a separate entry form for each category entered.

Confidentiality

McKnight's reserves the right to publish details of the award entries in post-event media coverage. However, if certain details must be kept confidential, please indicate this clearly on the entry, including exactly what information is not to be publicly disclosed. Please be specific about what information cannot be disclosed; do not simply mark the entire entry confidential.

Entry Kit
Entry deadline is Friday, July 31, 2015

How will submissions be judged?

A panel of judges will select the winners.

■ Quality Through Technology Award

Winning entries will: **a)** describe the technology involved and how it was applied; **b)** both describe and document how care quality improved; and **c)** address the overall impact of the change.

■ Dignity Through Technology Award

Winning entries will: **a)** describe the technology involved and how it was applied; **b)** both describe and document how resident dignity improved; and **c)** address the overall impact of the change.

■ High Tech/High Touch Award

Winning entries will: **a)** describe the kind of technology that was used, and how; **b)** both describe and document how this change improved human interaction between caregivers and those cared for; and **c)** address the overall impact that this change has made.

■ Innovator of the Year Award

Winning entries will describe and document how innovation was key, and how it made a major difference.

■ Transitions Award

Winning entries will describe and document how transitional care was improved/minimized. Among the issues to consider: reduced/improved rehospitalization rates, better communication between the provider and other settings, outcomes-related information — and how technology played a key role.

Key info

Eligibility period

All entries must be submitted by 11:59 p.m. Eastern Time on July 31, 2015

Judging

Will be conducted during the summer

And the winners are ...

The winners will be announced in September
